Klein also claims that he is holder of 100 shares of Wilson & Co. stock with a par value of \$2500 and contends that in at least two recent instances where interest fell due on the company's stocks and bonds the company had no cash on hand to pay the stockholders.

MOSQUITOES TOO MUCH FOR CHICAGO; AUTHORITIES ACT

Pests Break Up Open Air
Church Services and Stop
Band Concert.

By the Associated Press.
CHICAGO, Aug. 25.—Mosquitoes which have fairly swarmed about Chicago and vicinity for several days have become so numerous that open-air affairs are being banned and authorities are taking action. The community church services in Oak Park last night was one of the victims of the mosquito scourge. The services were transferred from the Scoville Place Park to the First Baptist Church. A band concert at the Municipal Tunesville Sanitarium was stopped by the winged pests last Thursday night. In various suburbs the village authorities have provided means for flooding the breeding places with kerosene and have advised their constituents to "swat the mosquito."

DELLORA ANGELL'S BABY WINS SECOND PRIZE IN BABY SHOW

8-Months-Old Daughter of Heiress
Who Wed Boyhood Sweetheart
Attracted Throng.

By the Associated Press.
AURORA, Ill., Aug. 25.—"Pleased! Of course I am. I'm delighted. Not so much because of the ribbon but because they found that La Verne was normal in every respect and in perfect health."

So Mrs. Lester Norris, 31 years old, of St. Charles said today in commenting upon her 8-months-old baby girl's winning of second prize in the class for rural girls under one year at the Central States Exposition baby show.

Mrs. Norris, formerly Dellora Angell, is the heiress to the \$30,000,000 estate of the late John W. Gates.

She married March 28 last year to Lester Norris, her schoolyard sweetheart, son of a St. Charles undertaker. The baby was born Dec. 20, 1923.

Showing of the child in the baby show caused such a crush of women there was fear that a glass window in which the little ones were being examined would be pushed in.

The Norris baby scored 98. The grand champion of the show, Ada Jean Thomas, 33 months old, of Big Rock, Ill., scored 99.8. She was accounted perfect except for a mole which was scored as a blemish.

MONEY DESTROYED SLAYERS' LIVES, DARROW SAYS

"Wealth, Unlimited, Is a
Terrible Misfortune in
Every Step of Life," the
Youths' Defender Asserts.

"DETECTIVE TALES LED TO CRIME IDEA"

Declares Loeb, Suffering
From Hallucinations, Be-
lieved He Could Outwit
Authorities.

By the Associated Press.
CHICAGO, Aug. 25.—Character analysis, based on heredity and environment, was the theme of Clarence S. Darrow today as he pleaded anew before Judge John R. Caverly for the lives of Richard Loeb and Nathan Leopold Jr., co-killers and murderers of Robert Frank.

"The weird, mad act" of the youths was mentioned only incidentally, as the lawyer went back of the crime itself to trace from childhood the influences which had surrounded his clients. The effects of these, he acknowledged, could not be told with certainty, but limits of human knowledge were blamed for that.

"Wealth, unlimited, is a terrible misfortune in every step of life, and was the terrible misfortune in this terrible case," Darrow said, and then he took up the cases of each of the boys, starting with Loeb. He spoke of him as "Dick," and said that the phantom of being able to produce a "perfect crime" was the result of the youth's habitual reading of detective stories superimposed upon a brain "forced like a hothouse plant to absorb book after book."

"His parents might have done better if they hadn't had any money," said Darrow.

Hundreds Would Hear Darrow.
The best efforts of a thoroughly prepared force of guards were required to handle the hundreds of would-be auditors of Darrow.

Hours before he was due to start the last chapter of his plea for the youths, he was at the head of the line might gain admission to the criminal courts building and, perhaps, even find seats in the courtroom. All except about two hundred of the 275 seats in the courtroom were for friends of the attorneys or to persons who were known to court attendants.

Plain Statement of Facts.
There was no crush or disorder because the strong force of police kept the early arrivals in line and told the tardy ones to "move on."

Darrow came to court early and was besieged by "friends," who sought admission to the court. He recognized three of them.

Arriving in court, the veteran attorney was handed a sheet of special delivery letters. He glanced at the postmarks, smiled and then pocketed the missives.

Darrow said he had been trying to "make a plain statement of facts in this case without consideration of the lives and training of these boys."

Cannot Understand Boys' Lives.
"We are not able to peer into the human brain and see its workings," he said.

"But when we do find from human conduct what we believe is a diseased mind, we naturally wish to learn how it came about."

Darrow said that it "hasn't been so long" since the insane, the criminal and diseased were supposed to be possessed of devils, but have gone beyond this.

STOWAWAYS ON ZR-3 WILL BE PUT OVERBOARD

Zeppelin Plant Officials Assert
a Parachute Will Be At-
tached to Them.

By the Associated Press.
FRIEDRICHSHAFEN, Aug. 25.—Any stowaways found on board the dirigible ZR-3, after the aircraft starts for her hangar in Lakehurst, N. J., there to be turned over to the United States Navy, will have a parachute attached to them and gently tossed overboard.

This announcement was made today by officers of the Zeppelin plant, where the airship is being built. They asserted that strong efforts would be made to prevent any unauthorized individuals from making the trip across the ocean.

Owing to the fact that thousands of applications have been received from persons who desire to make the voyage, the German officials think that numerous pretexts will be resorted to by stowaways, in an endeavor to ensconce themselves somewhere in the interior of the framework of the great dirigible.

DIVERS SALVAGE CROPS UNDER 10 FEET OF WATER IN CHINA

Load Harvest in Small Boats—
Many Persons Are Living on
Tops of Houses.

By the Associated Press.
PEKING, Aug. 25.—The entire region between Pootung and Tientsin and northward to the Wenai Dyke has been converted into a great lake, according to O. J. Todd, an engineer in the employ of the Famine Relief Committee who returned today from a trip of investigation.

Crops in this region have been entirely covered by the flood waters, he reported. The crop, which was ready to harvest, was covered with six to ten feet of water and is being salvaged by divers who pull it out and load it into small boats. The reed crop, which was relied on for materials, roofing and for fuel has been greatly injured.

Many are still living on the top of their homes, where they are not impeded by the waves.

LONDON BRIDGE FALLING DOWN

Mother Goose Rhyme Now More
Truth Than Poetry—Pier Sags.

LONDON, Aug. 25.—The famous rhyme "London Bridge is Falling Down" loses its blithe note on the ears of London officials, who have received warning that the ancient structure is bordering on the conditions described in Mother Goose.

River workers report that one of the piers has dropped four inches under the stress of traffic thrown on the structure when Waterloo Bridge, another London bridge, became incapacitated for heavy vehicles. Tests are shortly to be made to ascertain the repairs necessary to save London Bridge, the original structure dating from 1176. The present bridge was built in 1831.

**M'COY TO BE TAKEN

Plight—Ex-Boxer Also Makes
Plea to Charges Today.**

By the Associated Press.
LOS ANGELES, Aug. 25.—
court of justice and the bedside
of a dying woman were to be today
the scenes of two ordeals in the
life of Kid McCoy, former pugilist,
charged with the murder of Mrs.
Theresa Mora here Aug. 12.

In the Superior Court he was due to plead to eight charges of murder, robbery and assault with intent to murder growing out of the shooting of Mrs. Mors and a subsequent holdup and pistol fray in and near the Mors antique shop the day after her death. Later he was to be escorted under heavy guard to the bedside of his mother, Mrs. Mary E. Selby, near death since the arrival of her son's arrest brought on a heart attack.

To the Judge on the bench he was expected to say only "guilty" or "not guilty."

To find words for the stricken woman awaiting him on what was probably her death bed was another task.

Just before they told him of his mother's condition yesterday McCoy was recovering some of his former confident manner. He had been in a deep depression during his first few days in jail that he indulged in a boxing exhibition with another prisoner for the entertainment of fellow inmates of the jail in the county jail.

When word reached him of Mrs. Selby's critical illness, however, he withdrew from the others and remained alone and despondent for the remainder of the night, at times seeking solace in the Bible.

Defense attorneys were expected to make an attempt to have the indictment against McCoy quashed on the grounds of alleged irregularities in the grand jury procedure.

Failing in this attempt, they were expected to enter a plea of not guilty, and base their hopes on the twofold defense that McCon-

Dangerous ONLY to the Careless

Safety is not a one-man job! Despite the precautions that the railroads have employed to safeguard the public against accident and death, thru warning signals, watchmen, crossing gates, etc., preventable disasters continue to occur.

Do your part in the great safety campaign being conducted by this and other American railroads. Let the trains have the right of way; the tracks were made for them and they cannot change their course to prevent an accident. Wait until the train stops before you attempt to get on or off. Do not use railroad tracks as a passageway or a loitering place. They are dangerous only to trespassers. Help us to save life and protect against accident.

The Louisville & Nashville Railroad spends nearly a million dollars a year for the single purpose of maintaining constant supervision over the condition of its tracks—800 track walkers are employed and every day they walk every mile of the main tracks of the road; inspecting rails, ties, bridges, etc. When you are on the train, every precaution is taken for your safety. Do as much to protect yourself when off the train.

Common sense—Caution—Co-operation—will pay big dividends in health and happiness.

COOLIDGE AND DAWES CONFER AT PLYMOUTH

G. O. P. Vice Presidential Nominee Visits Vermont at President's Call.

PLYMOUTH, Vt., Aug. 25.—The political situation is being discussed at a conference here today between President Coolidge and Charles G. Dawes, his running mate on the Republican national ticket. Dawes arrived early this afternoon.

Driving in a severe rainstorm from Ludlow, the nearest railroad point, Dawes was welcomed here by Mr. and Mrs. Coolidge. Dinner was waiting, and they went almost immediately to the table.

Dawes was met at Ludlow by C. Bascom Slomp, secretary to the President. Because of the heavy rain, Mr. and Mrs. Coolidge remained indoors. When Dawes arrived, puffing on his pipe, the visitor walked into the home.

"Well, hello there," he said, as he saw the President within. The visit was arranged yesterday on invitation of Mr. Coolidge. Dawes spoke on Saturday in Augusta, Me., voicing opposition to the Ku Klux Klan, which he mentioned by name.

This is the first time since he started his vacation began here nine days ago that the President had entered into a formal discussion of the campaign, keeping close to his father's home, and receiving only a few visitors. He has given some attention, it was said, to Government business, taking care of urgent mail each day and reading the report of the tariff commission on the proposed reduction in the duty on sugar, but no decision is expected to be made by him on this report until his return to Washington.

The visit of Dawes today, was planned, it was said, with a dual purpose—to permit a conference between the party heads on the political situation, and to allow Mr. Coolidge an opportunity to extend the courtesies of New England. The invitation was extended by telephone yesterday morning.

Silent on Klan Speeches.

The President is maintaining silence on the recent developments in the campaign address Saturday of Dawes, and that of Friday by John W. Davis, Democratic nominee, on the Ku Klux Klan. Both Dawes and Davis announced opposition to the Klan, mentioning it by name for the first time.

Dawes is a guest of the President and Mrs. Coolidge today in the home here of Mr. Coolidge's father, where he is spending a vacation. It is understood Dawes expects to leave tonight for Chicago. The President changed his plans today for the return to Washington, deciding to leave here Thursday night, instead of late Wednesday night. The change will permit arrival in Washington early Friday morning. Gov. Cox of Massachusetts called on the President today to pay his respects.

Reports have reached here that Mr. Dawes is other than Dawes expect to call on the President this week, including George Harvey, former Ambassador to England, but C. Bascom Slomp, secretary to the President, said no definite time

for the visit of others had been fixed.

Attendance at the one-room Union Church, and a visit from James M. Lucey, shoemaker of Northampton, Mass., and friend of the President, comprised yesterday's program of Mr. Coolidge. It was another day of quiet which has marked almost every day of his vacation.

Lucey arrived here just after dinner, received a warm welcome from the President, and visited with him for about 45 minutes.

Lucey is a candidate for the Massachusetts Assembly. The general store corner was again crowded and the little church filled to capacity when the President and Mrs. Coolidge, with John Coolidge, their son, and the President's father, walked across the road for services yesterday afternoon.

40 PER CAPITA IS CITY GOVERNMENT COST LAST YEAR

Commerce Department Report Shows Expenses for St. Louis Amounting to \$32,596,693 for 1923.

By a Staff Correspondent of the Post-Dispatch.

WASHINGTON, Aug. 25.—City government of St. Louis for the fiscal year ending April 30, 1923, including the independent school district for the fiscal year ending June 30, cost \$32,596,693, or \$40.89 per capita, the Commerce Department announced today.

Total revenue receipts for 1923 were \$26,692,013, or \$44.03 per capita, or \$5,711,571 more than the total payments for the year, exclusive of payments for permanent improvements, and \$4,085,320 where these payments are included. The totals included all payments for the year whether made from current revenues or from proceeds of bond issues.

In 1922 total payments to the city amounted to \$31,547,705, or \$40.02 per capita, and in 1915 they were \$23,959,175, or \$31.59 per capita.

Operating Expenses. Operating expenses for general departments of the city government were \$24,756,448; for public service enterprises they were \$2,348,075. Interest on debt amounted to \$465,919, and \$4,626,251 was spent on permanent improvements, including those for public service enterprises.

Property taxes continued to increase. Last year they represented 47.4 per cent of the total revenue; in 1923 they were 67.4, while in 1915 they were 61.4 per cent of the total. The increase in the amount of property taxes collected was 53.1 per cent from 1915 to 1923, and 4.1 per cent from 1922 to 1923. The per capita property taxes were \$21.14 in 1923, \$20.26 in 1922 and \$19.97 in 1915.

Earnings of public service enterprises operated by the city represented 9 per cent of the total revenues for 1923, 8.6 per cent for 1922 and 11 per cent for 1915, the announcement said.

On April 3, 1923—a date selected by the Commerce Department because it closes the fiscal year of the city—the net indebtedness of the city, including the funded and floating debt less sinking fund assets, was \$12,976,209, or \$16.38 per capita. This was a reduction over previous years as the per capita debt in 1922 was \$17.99 and in 1915 was \$25.22.

Assessed Valuation \$1,000,637,339.

The assessed valuation of property, subject to ad valorem taxes for the city corporation, was \$1,000,637,339 in 1923. The levy for all purposes for 1923 was \$25.896, of which \$14,749.41, or 57.7, was levied for the city corporation; \$8,938,474, or 35.6 per cent for the independent school district, and \$1,417,187, or 5.6 per cent for the State. The per capita tax levy for city, school and State was \$21.48.

Total payments for the school district amounted to \$9,584,288, of which \$1,129,807 represented expenses for school maintenance; \$128,000 interest on school debts and \$1,314,481, school outlays. The school revenues amounted to \$11,339,328, or \$14,659,651 more than payments for maintenance, interest and outlays. Of the total net indebtedness of the city at the close of the year, \$1,903,916 was for the school district.

TAGS SELF, STARTS INTO RIVER

Woman Is Prevented From Ending Life by Workmen.

A woman walked into the railroad yards at the foot of Miller street at 4:30 a. m. today, and asked Leo Kamer, a yard clerk for the American Refrigerator Transit Co., for one of his blank shipping cards. She wrote her name, Mrs. Clara Deuchner, 1706 Seventh boulevard, on it, pinned it to her waist and started toward the river. Kamer called to others in the yards and ran after her and though he and others caught her, she broke away, but they were able to keep her away from the river until the arrival of the police, who took her to city hospital. Mrs. Deuchner said she was 56 years old and a widow, and that she had been ill and had contemplated suicide.

THREE SLAIN IN FAMILY FEUD

DUE TO CHILDREN'S QUARREL

Two Brothers and Neighbor's Son Victims of Shooting on Oklahoma Highway.

TULSA, Ok., Aug. 25.—Three men were killed and one was wounded yesterday afternoon on a public highway, 21 miles east of here, in a fight which climaxed a family feud that started over an argument between children.

The dead are Malcolm Young, 19 years old, a county highway officer; J. Clayton Young, 21, a brother, and Homer McMillen, 18, Charles Young, 45, father of the Young brothers, was shot in the right leg above the knee. The trouble started about a week ago as the result of a controversy between children of the two families. Yesterday the Youngs argued to have started an argument in front of McMillen's house. McMillen's father is said to have told them to move along and the shooting began soon after.

No arrests were made following the shooting, Sheriff Herndon saying he preferred to make a thorough investigation.

Mother and Child Asphyxiated.

By the Associated Press.

GALESBURG, Ill., Aug. 25.—An inquest was to be held this afternoon into the death of Mrs. Gus Anderson and daughter, Ruth, 4 years old, who were killed by gas escaping from two open jets in the kitchen stove of their home here yesterday. Four other Anderson children, ranging in age from 13 years to 29 months, who were found in an unconscious condition were reported out of danger today.

Two Drug Stores Robbed.

Burglars early yesterday entered the City Hall Drug Store, Twelfth boulevard and Pine street, and

stole 85 pints of whisky, 950 cigars, fountain pens valued at \$255, and \$55.80 from the cash register. At Draper's Drug Store, 1801 Olive street, burglars stole \$80 from the cash register.

2604 Park avenue and her friends,
under the direction of Carl Schin-

ets for the performance were 5
cents, and children sold refresh-
ments after the show, so the pro-
ceeds were made up from small
sums. Eleanor Boyie and Jean
Cassidy, dancers, pupils of Hor-
tense Nordman, and Leo Daugh-
erty, a drummer, were featured in
the performance, and the other
children who took part were Jewel
Reed, Edith Kornhurst, Lillian

nell, Dorothy O'Connell, Frank
Daniels Jr., Jeanne Wallace and

Coleta Foan, Doris Sanders, Pa-
tricia Cleghorn, Pat Cleghorn, Jas.
Foam, John Mason and Geo. San-

The children's names are: James
L. Shaw Jr., Frank Brooke Shaw,
Margaret D. Sample and Charles

participated: Ernest Ruppel,
Donald Knoll, William Schwaucker
and Robert Heinritz.

Dolly and Thelma Harris of
2417 N. Taylor avenue managed a
lemonade stand at their home re-
cently and earned \$2, which they
sent to the Ice Fund.

Gladya Rose and Leona Cumisky
of the 1280 block, Maple avenue,

Farmer's Income Pass
Less After Deducti
Return Than Hire

Federal Experts Find Inc
as Much as 60 to 72 Per C
More Than Living C

WASHINGTON, Aug. 25.—Amer-
agriculture, since the slump
1920, has not yielded a commer-
cial interest return on its invest-
ment capital and a fair wage for the
average farm operator and his fam-
ily. This conclusion, reached by
the Agricultural Department ex-
perts, probably will be one of the
points to be placed before President
Cochran's proposed agricultural re-
form commission here.

The conclusions arrived at by the
department experts, who recently
have completed a series of studies
of farm income, also are expected
to serve as data for the communi-
cation, which the President, in his ac-
ceptance speech, said would be ap-
pointed for the purpose of helping
agriculture to a basis of economic
equality with other industries.

Low Point of Depression.
Information gathered by the ex-
perts shows that the low point of
the agricultural depression was at-
tached in 1920-21, with some im-
provement the following year. In
the last two years the improvement
has been quite noticeable, it is said,
and the department asserts indi-
cations are that it will continue.

As a means of gauging how the
agricultural depression has af-
fected farm standards of living in
the four years since 1919-20, the
department points out that in this
period wholesale prices of all com-
modities declined 25 to 30 per cent,
retail prices of 22 food products
18 to 25 per cent, and living costs
13 to 15 per cent, while the farm-
er's income declined as much as
40 to 72 per cent. These figures
point to agriculture as a whole
and to the average farmer.

Some farmers, it is stated, doubt-
less made satisfactory profits in
the depression period, but it is cer-

Federal Experts Find Income Has Fallen

WASHINGTON, Aug. 25.—American agriculture, since the slump of 1920, has not yielded a commercial interest return on its investment in capital and a fair wage for the farmer operator and his family. This conclusion, reached by the Agricultural Department experts, probably will be one of the findings placed before President Coolidge's proposed agricultural reform commission.

The conclusions arrived at by the department experts, who recently have completed a series of studies of farm income, also are expected to serve as data for the committee which the President, in his acceptance speech, said would be appointed for the purpose of helping agriculture to a basis of economic equality with other industries.

Judge Robertson Concedes
Her Victory—He Failed
to Develop Strength Ex-
pected Among City Voters

DALLAS, Tex., Aug. 25.—Mrs. Miriam A. Ferguson of Temple, wife of former Gov. James E. Ferguson, the Democratic nominee for the governorship of Texas, has a majority of more than 80,000 votes over Felix D. Robertson of Dallas, who was endorsed by the Ku Klux Klan.

Results tabulated by the Texas Election Bureau give Mrs. Ferguson 403,960, Robertson 324,297. These figures are from 230 of the 252 counties in the State, 67 being complete. Mrs. Ferguson, at Temple, received a telegram yesterday from Robertson congratulating her on her victory in Saturday's runoff primary. The woman gubernatorial candidate issued a statement in which she said that chances for a Democratic victory would be increased manifold if the people could be made to understand that the Democratic platform "condemning religious intolerance means, as everybody knows it does mean, emphatic opposition to the Ku Klux Klan."

Study of the returns received by the Texas Election Bureau showed that Robertson did not receive the support in what were believed to be his strongholds that had been figured by him and his supporters. It was generally known that Mrs. Ferguson would have the higher vote in most of the rural districts, as her husband, James E. Ferguson, in his race for the Democratic nomination for the United States Senate against Earle B. Mayfield two years ago, showed such strength, but his lead in those parts of the State was overcome by the city vote, where the Ku Klux Klan was strongest. In the Saturday primary, however, the returns showed that Mrs. Ferguson had gained strength in the cities, and much of what had been figured by Robertson as his vote was cast for her.

The interest in the primary election Saturday was more intense than in any run-off race in Texas for many years, if not in the history of the State.

Usually the vote at the second primary is less than at the elimination election in July. At the first primary this year about 702,000 ballots were cast.

Mrs. Ferguson in Statement Says Klan Management Is Unscrupulous.
By the Associated Press.
TEMPLE, Tex., Aug. 25.—Mrs. Miriam A. Ferguson issued a statement to the Associated Press yesterday in which she said that chances for a Democratic victory would be increased manifold if the people could be made to understand that the Democratic platform "condemning religious intolerance means, as everybody knows it does mean, emphatic opposition to the Ku Klux Klan."

Mrs. Ferguson was born and reared in Bell County, about 10 miles from Temple. Her parents were Mr. and Mrs. Joe L. Wallace. Both are dead. Wallace was one of the earliest settlers of Bell County, coming to Texas from Tennessee. He acquired large land holdings in the richest part of the Texas cotton belt and Mrs. Ferguson now owns a large black land farm out of his estate, on which stands the house in which she was born. It is a very humble country that little Ernest Nalle, 5 years old, might not be embarrassed should he wish to run for public office when he grows up, that she ran. Ernest is the idol of his grandparents and is a frequent visitor in the Ferguson home. He is now in New York with his mother, Mrs. George S. Nalle, but he and his mother talked to Mrs. Ferguson over long-distance telephone early yesterday and she congratulated her upon her nomination.

"Stripped of all camouflage, every informed person knows that the Klan is based upon religious prejudice and its management has been put into the hands of the unscrupulous. A more dangerous combination could not threaten any people of any country. It is therefore the duty of every candidate and every party to take the people into complete confidence and let them know their private and public attitude on this question."

YOUNG REPARATIONS CHIEF TEMPORARILY

Expected to Serve as Agent-General 3 Months to Organize Staff.

By the Associated Press.
LONDON, Aug. 25.—Owen D. Young of New York is to serve temporarily as agent-general under the Dawes reparation plan, probably for three months, during which time he will get the staff organized and break in his permanent successor. In this work he will be aided by Rufus C. Dawes, brother of Gen. Dawes, and Henry M. Robinson, both of whom like Young, served on the expert committee which drew up the plan.

Seymour Parket Gilbert, Jr., recently under-secretary of the Treasury, is mentioned for the permanent post of agent-general, but in reparation circles it is said the selection has not yet been finally made.

To Act on Appointments.
The Reparations Commission is expected to meet tomorrow to act on the appointments, which were virtually decided upon during the London conference, but the final decision will not be recorded until after the London agreement is signed, if at all.

Officially, the Dawes plan is inoperative, pending ratification by the French and German parliaments and signatures of the agreement, which has thus far been only initiated by the negotiators.

The French Senate probably will reach a vote tomorrow, or Wednesday, but the Reichstag session is likely to last until next Thursday. This is causing anxiety, although the latest information available to the Reparations Commission members is that the legislature probably will approve the plan.

American as Voting Member.
The appointment of an American as a voting member on the Reparations Commission is understood to be still uncertain. Col. James A. Logan, Jr., the American observer with the commission, is favored for the place, but he refuses to discuss the suggestion and it is known that many of his friends believe in his unofficial capacity, leaving another American to assume the voting power.

Rufus Dawes and Robinson probably will be the only important appointees to be named by Young, as the various governments will choose their representatives and the total personnel of the agency-general will not be large.

PARIS, Aug. 25.—France's delegation to the fifth assembly of the League of Nations, according to the Temps, will be headed by Leon Bourgeois. The other members of the delegation will be former Premier Briand, Paul Boncour, Henri de Jouvenal and Georges Bonnet. Premier Herriot will attend the opening session. The health of former Premier Viviani will prevent him from going to Geneva for the function.

OLD MONARCHY'S FLAG FLIES AT EAST PRUSSIA CELEBRATION

German Mark Anniversary of Hindenburg's Russian Victory With Big Military Demonstration.
By Radio to the Post-Dispatch and the Chicago Daily News.
BERLIN, Aug. 25.—Nearly all German war leaders, Hindenburg, Mackensen, Ludendorff, Von der Goltz, Count von Baulow and the former Kaiser's cabinet head, Martini, are in Koenigsberg, celebrating East Prussia day and the battle of Tannenberg, during which Gen. Hindenburg drove the Russians out of the Masurian Lakes and Prussia, carrying the war into Russia.

Hindenburg has been given a chain of honor by the University of Koenigsberg. The celebration marks one of the greatest military demonstrations since mobilization in 1914. Special trains brought honor companies from all the old regiments, until the streets were filled with officers and soldiers in uniform. The streets are festooned with the former monarchy flags of black, white and red. No flags of the republic are to be seen. Electric signs and illuminated banners carry the inscriptions, "Lord, make us free," and "Deutschland ueber alles."

Hindenburg, when he received the golden chain of honor, replied: "I am ready to go on again if necessary."

The Nationalists had asked the German Government to participate, but they declined. However, Admiral Koester, head of the German fleet, was present, and also Gen. Heye, head of the Reichswehr in East Prussia, and heads of the local government. It is said that a conference was held by Nationalist leaders at which the possibility of a military dictatorship was said to have been discussed and a tentative cabinet chosen.

EX-PREMIER WOUNDED IN DUEL

Victim of Major's Sword.
By the Associated Press.
LONDON, Aug. 25.—Cuthbert Leal, former Premier and now leader of the Nationalists, was wounded yesterday in a duel with words by Maj. Valdes. The duel was the outcome of criticisms made by Senator Leal while acting as counsel for Maj. Filomeno in a case before the Naval Tribunal.

IMBRIE FOUGHT MOB WITH BACK TO WALL

Physician Describes Vice Consul's Resistance When Attacked by Fanatics

By the Associated Press.
MINNEAPOLIS, Minn., Aug. 25.—The first detailed story of how Maj. Imbrie, acting American Vice Consul at Tahrana, Persia, was attacked and killed by a mob of religious fanatics has come to Minneapolis in a letter from Imbrie's physician, transmitted by George M. Ead of this city, who was Imbrie's "buddy" in the World War.

The mob attacked Imbrie after a native priest urged them, crying: "He has poisoned the sacred well!"

Rescued by a group of police after he had fought with his back to a wall, Imbrie was taken to a hospital but the mob smashed its way into the building and rained blows upon the prostrate man.

Maj. Imbrie stood up in the carriage and vigorously defended himself from the blows rained upon him by the policemen and the natives," says the letter. They had clubs. He was dragged from the carriage, but managed to run to the south side of the avenue, where he could better defend himself with his back to the wall. His companion was dragged to the north side of the avenue, directly in front of the entrance to the military headquarters and army drill ground.

Maj. Imbrie was driven to the center of the avenue again, where a Cossack soldier dealt him a blow on the head with his sword.

"My servant, who was passing at the time, recognized the Consul, ran to police headquarters, which faced on the public square not more than a long city block from the scene, and several police officers rushed to the place, taking Maj. Imbrie through the rear door to police headquarters where the hospital is.

"The mob followed, broke through the door, smashing it and the three windows in the place, battering all visible glass, tearing the floor and again attacking Maj. Imbrie, raining many additional blows on his head and face.

"Although Maj. Imbrie sustained about 135 wounds and contusions, none of them was sufficiently serious to have caused his death. The shock was tremendous, however, and he survived it only until 2:30 in the afternoon.

Volunteers to Ride With La Follette and Wheeler Must Look to Two Leaders for Indorsement.

MILLION INDIVIDUAL CONTRIBUTION GOAL

Group Meetings to Be Held in Principal Cities in Effort to Raise a Campaign Fund.

By the Associated Press.
WASHINGTON, Aug. 25.—Leading supporters of the La Follette-Wheeler ticket prepared today to put into effect at once decisions reached by the National Executive Committee at last week's lengthy conference in Washington. The campaign management for Southern territory has been selected and the speaking program of Senator Wheeler, the vice presidential candidate, has been laid out in considerable detail, but neither has been announced.

Decisions made known after the committee concluded its sessions last night indicated that the national candidates themselves would be called upon to accept the responsibility for endorsing or rejecting any congressional or state candidates. The committee, after conference with the principals, formally adopted a resolution vesting itself of any power to intervene in local matters. John M. Nelson, national campaign manager, said he had been confronted with increasing pressure for expressions on such questions.

The committee likewise authorized W. H. Johnston, chairman of the Conference for Progressive Political Action, who has charge of solicitation from labor organizations, and Herman L. Ekern of Wisconsin, in charge of collection from the public, to conduct a series of group meetings in a drive for campaign funds.

Senator Wheeler's tour will begin Sept. 1 at Boston, Nelson said. Representative Nelson explained that a horde of local candidates for office was springing up in various states, seeking to ride the La Follette bandwagon, and the committee had determined to leave the question of endorsing these aspirants to "the presidential and vice presidential candidates in person."

This movement has progressed away beyond the point where we are looking for a few electoral votes and is the most interesting campaign in history," Nelson said. "We have a few States, such as Idaho and Oklahoma, where our supporters will be running as the Progressive party, and in Michigan we may have the same designation, while in Missouri it probably will be the liberal party, but in most places the example will be that of Illinois, where our electors will register as the La Follette-Wheeler ticket. That part of it is all settled."

Watching Big Business.
What is now happening in that Wall Street has two candidates in Mr. Coolidge and Mr. Davis. And it isn't going to work. We are watching to see which way big business is going to jump, so we shall know whom we are fighting. That hasn't developed yet. But we think we see signs. Davis is so conspicuously aligned as J. P. Morgan's attorney that big business is afraid it can't put him across. Then Gov. Bryan has cooled the ardor of the business world, and it looks like Wall Street for Coolidge.

"Whether La Follette runs first or second in voting strength, it is absolutely certain that the showing we make will put the Progressive group into the next Congress with an even more certain hold than it now has on the balance of power, able to promote Progressive legislation and to block reactionary bills."

The campaign handbook was approved for circulation and David P. Niles, acting director of the speakers' bureau, was credited with having 150 orators to unleash for stump rallies, with an association of cognomen of "The Bell Ringer League."

ISAAC A. SCHOEN, FUR BROKER DIES IN NEW ROCHELLE, N. Y.

Prominent St. Louisian Succumbs to Pneumonia After Brief Illness While on Vacation.

Isaac A. Schoen, 55 years old, of 5741 McPherson avenue, head of Isaac A. Schoen & Sons, fur brokers, died of pneumonia yesterday at New Rochelle, N. Y., after four days' illness. He had planned to return here Saturday, after a two months' vacation in the East.

A daughter, Miss Jeanette, is sailing down the west coast of Africa, on a trip around the world. The other daughter, Miss Jessie, who has been doing special social service work for the St. Louis Provident Association, left for New Rochelle Friday upon receipt of word of her father's illness. Mrs. Schoen was with her husband, as were also two sons, Aaron and Lee M. Schoen, who reside in New York City and manage the New York office of the firm.

Schoen was a native of St. Louis. He entered the fur business 40 years ago. His firm has acted as purchasing agent on the local market for fur dealers in numerous foreign cities, principally in Europe. Schoen also was a member of the Merchants' Exchange for many years, at times presiding over its daily in grain. The New York office of the fur company was opened 16 years ago.

OFFERS REWARD TO IDENTIFY SENDERS OF POSTAL CARDS

Roy Sutton Says He Disapproves Fight on Two University City School Board Members.

Roy Sutton of 6274 Cates avenue, in a personal advertisement printed today in the Post-Dispatch, offers \$750 reward for information identifying the person or persons who mailed to University City residents, in the past week, envelopes containing postal cards addressed to Sutton and bearing a demand for the resignation of two members of the University City School Board.

Sutton is chairman of a citizens committee of 19, which last June endeavored to obtain the resignations of the president of the School Board, Edward M. Read, Jr., and Mrs. F. H. Britton, chairman of the instruction committee. They did not resign. The postal cards sent out last week, addressed to Sutton, ask that L. T. Ward and L. E. Balsom, who are referred to as minority members of the board, should resign.

Sutton said today that the postal cards were sent out without his knowledge, and that he entirely disapproved the request for the resignations of Ward and Balsom, as he was in accord with their attitude as board members. He said he believed the postal cards were sent out with the intent of placing him in a false light.

The differences in the School Board culminated last May in a "strike" of high school students caused by the unwillingness of some members to reappoint James E. Baker as principal. H. M. Buckley, superintendent, resigned during the board difficulties. Baker was reappointed. Charles S. Dryden has been named as superintendent.

Guoy, who was the oldest of the family, is survived by his sister, Mary, and five brothers, James, Joseph, Robert, George and Peter. The funeral will be at 3:30 a. m. tomorrow, services being held at St. Philip's Church, Edgemoor, and burial following at Holy Cross Cemetery.

FORMER PASTOR HERE DIES

Dr. R. P. Johnston Once Minister at Third Baptist Church.

The Rev. Dr. Rufus Perry Johnston, a former pastor of the Third Baptist church of St. Louis died yesterday in Pleasantville, N. Y.

The funeral will be held tomorrow in New York, followed by burial in Louisville, Ky. Dr. Johnston, went from St. Louis in 1901 to New York, to become pastor of the Fifth Avenue Baptist Church, and remained there six years. A later pastorate was at the Washington Heights Church, New York. He was 48 years old.

Services for M. C. Fleming Tomorrow.

The funeral of Martin C. Fleming, 48 years old, Tulsa (Ok.) oil man and former resident of St. Louis, who died while in swimming at Palm Beach, Fla., last Wednesday, will be at 2:30 p. m. tomorrow from an undertaking establishment at 3846 Lindell boulevard. Burial will be in Valhalla Cemetery. Fleming is survived by two brothers, James C. and John C. Fleming, of 1314 La Salle street, and two sisters, Mrs. Patrick Green of Amsterdam, N. Y., and Mrs. Charles R. Wagner of Monett, Mo. He left St. Louis about 20 years ago and had been in Oklahoma since. His death was attributed to heart disease, as he was an expert swimmer.

Dr. Robert MacCinchie Dead.

Dr. Robert MacCinchie, 58 years old, of 1438 State street, East St. Louis, died yesterday at Colorado Springs where he had gone three months ago for his health. His widow, Mrs. Myrtle MacCinchie, was with him when he died. Dr. MacCinchie was born in Scotland and was a veteran of the Spanish-American war. He also is survived by his children, Robert and Elizabeth MacCinchie. The body will arrive at East St. Louis tomorrow morning.

EAST CONSIDERS DAWES SPEECH ON KLAN INADEQUATE

He and President Likely to Find They Will Have to Go Further to Please Elements Affected.

NO ROOM SEEN FOR MIDDLE COURSE

Klan Issue in East Not One of Lawlessness or Law Enforcement but It Is Religious and Racial.

BY DAVID LAWRENCE.
A Special Correspondent of the Post-Dispatch.
(Copyright, 1924.)

WASHINGTON, Aug. 25.—In this section the hottest of anti-klan feeling because of the large number of Catholics, Jews and negroes in the voting electorate, the speech of Gen. Charles G. Dawes, Republican nominee for the vice presidency, has been received for the most part as inadequate.

Both the General and President Coolidge will find it necessary to go further in discussing the Klan and even exhorting it if they wish to retain the vote of the races and creeds condemned by the Klan.

Far from disposing of the issue for the Republican party, the Dawes speech has only stirred it up here. The Republican managers themselves are not convinced that the issue can be side-tracked. They do not love John W. Davis any more for injecting his Klan query to the Republican nominees, but they know that even the Democratic nominee was forced to state his proposition by the demands of the Democratic voters of New Jersey.

What seems to rile the anti-klan people here most is that Gen. Dawes had any kind words at all for the Klan. His statement that the Klan was "a religious and racial organization" in some places "only an instinctive groping for leadership, moving in the interest of law enforcement," aroused those who know that the Klan's cardinal principles are to prevent Catholics, Jews and negroes from holding office and to regard as 100 per cent Americans only those who do not belong to those groups.

Religious and Racial in Cast.
The Klan issue in the East is not primarily one of law enforcement or lawlessness. It is religious and racial. The Catholics and Jews are bitter over it and what they fear for the most part is a denunciation of everything the Klan does. In other words, there is no room for middle ground on the Klan issue.

Anyone who fails to condemn them utterly is not definitely anti-klan, but angling for its support. This is the true political view hereabouts, and no better confirmation of it could be obtained than the attitude assumed by Democratic leaders, particularly Tammany, since Gen. Dawes spoke.

They had nothing up to that time to back onto the Republicans and could not accuse them of pro-klan feelings. The Dawes speech will be used as a weapon of attack to draw Republicans to the standard of David versus Goliath, and will not allow their opponents to avoid it.

John W. Davis' challenge to the Republican nominees is a direct result of the bitterness of feeling in this section on the Klan. A public speaker who dares to avoid the issue in this campaign, especially in the populous sections of the East, stands little chance of being listened to on anything else. Once he declares himself, however, the crowd settles down to a friendly hearing. John W. Davis was warned about this when he went to Seattle.

Since he made his statement Texas has given the Democratic nomination which is equivalent to election, to Mrs. Ferguson, the anti-klan candidate. This has heartened Tammany and the Democratic management in New Jersey and is offered by them as testimony of the wisdom of getting the Klan issue out of the nation's system.

Up to Coolidge Now.
President Coolidge had been advised that he might as well avoid saying anything until it was necessary. Few Republicans expect him to remain silent now. If he con-

dems the Klan as wholeheartedly as did Davis, the issue will really be removed from the national ticket though it will play a big part in local elections.

It is not the unimportant problem, however, which politicians thought it would be several weeks ago. It has a momentum unlike any other issue before the elec-

ate and unless removed by an equal denunciation by all candidates, is going to plague campaign managers until election day, for the pro-klan vote, is by no means small and the prevailing theory is that, if all candidates denounce the Klan, the supporters of that society will split their votes between all candidates on other issues.

HAY FEVER

Complete Relief Guaranteed in 24 Hours With Specialist's New Prescription

At last Hay Fever has yielded to modern medical science. A remarkable new prescription by a Cleveland specialist is guaranteed to banish every single symptom within 24 hours!

This new treatment, perfected by the physicians of the Clinical Laboratories, Cleveland, Ohio, is known as Dr. Platt's Rinex Prescription, and works on an entirely new principle. Science now proves that Hay Fever is due, not to mere surface irritation, but to an actual infection of the entire system caused by the absorption of raw protein from pollens floating in the air. Other treatments do not attempt to get at this internal cause. But Rinex prescription, taken in convenient capsule form, goes direct to this infection all through the system, and neutralizes it completely—without narcotics or harmful drugs or any bad after-effects. The result in 95 per cent of all cases is complete relief in 24 hours.

No matter how long you have had Hay Fever—no matter where you live, or how many other treatments you have tried in vain—Dr. Platt's Rinex is positively guaranteed to bring you complete relief in 24 hours—or it costs you nothing. If you want to be satisfied that Rinex will help your case of Hay Fever, you can get a 24-hour treatment FREE from your druggist; or you can buy a full week's treatment for \$1 on a positive money-back guarantee. Firpo Is Behind in His Training For Wills Bout, De Forest Writes

Former Trainer of Dempsey and of the Pampas Bull, Says Luis Would Do Well to Include a Clever Boxer in His Staff of Sparring Partners.

By Jimmy De Forest, Former Trainer of Jack Dempsey and Luis Firpo. Copyright, 1924, Press and Publisher Publishing Co., New York World and Post.

NEW YORK, Aug. 25.—It was a rainy morning when I arrived at Luis Firpo's training camp at White Sulphur Springs to see the South American heavyweight champion in his workout for the bout set for Sept. 11, with Harry Wills.

Because of the rain, Luis had spent only a short time on the road in the morning. His gymnasium work was delayed until it cleared up, which it did about 4 o'clock.

The delay was occasioned by the fact that the crowd of spectators kept away until the sun began to peek out, and by 4 p. m. about 600 persons were present to see Firpo "do his stuff."

This is one of the objectionable features to charging admission to see a fighter work out. The "gate" has to be considered, and on occasions of this kind it is bound to affect the routine of the boxer who is training.

Pays Training Expenses. I am not blaming Firpo, nor his host, Luther, for charging admission to the training session. There is practically a holiday crowd to draw from every day, and the revenue mounts up in the course of a few weeks. I think about 600 persons were in attendance, and at a dollar a head you can see that this would pay expenses and leave a comfortable profit over.

But the main idea, which is to get Firpo in the best possible condition for the contest with Wills, should not be lost sight of. When I saw Firpo he looked a little fat. His weight, I should judge, was in the neighborhood of 230 pounds, and his actions were more sluggish than I had expected to find. This was surprising to me, because Luis looked better when I had previously seen him in Madison Square Garden, shortly after his arrival here.

Rehearsal in His Condition. No doubt the harassing of the professional reformers had an unfavorable effect on his work, for even at this early period of his training.

In his afternoon work—his morning having been devoted to the comparatively light road work—Firpo began by shadow-boxing for a couple of rounds. He did this outside the ring, on a little platform. Now, it would be better if the shadow-boxing were done in the ring, because it accustoms one to moving about in the space in which he is actually going to fight.

After the shadow-boxing, Luis punched the heavy bag for two rounds, this time in the ring. He didn't go at this with the vigor I have seen him exhibit when I was training him for the battle with Joe Williams.

Needs Clever Boxer in Camp. Then came the sparring. Jack Townsend was the first sparring opponent, and the first round was tame. But the second was different. In this round Townsend got over three good right socks, and these got Firpo riled. Luis cut loose and went after Townsend, his handkerchief and he went at it. Both slugging away so hard and so evenly that the timekeeper became interested and forgot to call time.

Veteran Brooks Eliminated in U. S. Net Event

Australian Falls Before Kelleher After Winning First Set, 6-0.

By the Associated Press. FOREST HILLS, N. Y., Aug. 25.—Norman E. Brooks, Australian veteran, whose racket, wisardry has carried him to probably more international triumphs than any other player now in the game, had the unpleasant sensation of being eliminated today in the first round of the national men's singles championship. He was the victim of a young New Yorker, Hugh Kelleher, who triumphed in four sets, 6-0, 6-2, 6-2, 6-2.

Brooks, although he called on all the court craft of which he has been master for years, was not the Brooks of old. His stout striking was easily solved by Kelleher, who quickly vanquished his older rival after losing the first set at love, due apparently more to "stage fright" than anything else. Brooks carried the second set to deuce, but wilted in the last two.

Horrota Defeats Fischer. The first victory of the tourney fell to Jean Horrota, French hold-over of this year's Wimbledon championship whose spectacular placements and versatility vanquished Carl Fischer of Philadelphia in straight sets, 6-2, 6-4, 6-2. Fischer using his southpaw strokes, effectively, made a gallant fight but was erratic.

Lewis N. White of Austin, Tex., intercollegiate star, was forced to default his second round match to Harvey Snodgrass, Los Angeles star after the latter had swept through the first two sets with the loss of only one game. White experienced ill effects from an old injury to his side and was unable to continue the third set.

Results of Matches. FIRST ROUND. Jean Horrota, France, defeated Carl Fischer of Philadelphia, 6-2, 6-4, 6-2. Paul Keng, New York, defeated Alfred H. Dahney, New York, 6-2, 6-2, 6-2. Lawrence B. Rice, Boston, defeated Louis Okamoto of Japan, 6-2, 6-2, 6-2.

SECOND ROUND. Harvey Snodgrass of Los Angeles defeated Lewis N. White of Austin, Tex., 6-2, 6-2, 6-2. Louis B. Rice, Boston, defeated John Barr, Dallas, Tex., 6-2, 6-2, 6-2.

THIRD ROUND. Hugh Kelleher, New York, defeated Norman E. Brooks, Australia, 6-0, 6-2, 6-2.

FOURTH ROUND. Jean Horrota, France, defeated Paul Keng, New York, 6-2, 6-2, 6-2.

FIFTH ROUND. Harvey Snodgrass of Los Angeles defeated Louis Okamoto of Japan, 6-2, 6-2, 6-2.

SIXTH ROUND. Jean Horrota, France, defeated Paul Keng, New York, 6-2, 6-2, 6-2.

SEVENTH ROUND. Harvey Snodgrass of Los Angeles defeated Louis Okamoto of Japan, 6-2, 6-2, 6-2.

EIGHTH ROUND. Jean Horrota, France, defeated Paul Keng, New York, 6-2, 6-2, 6-2.

Cardinal Pitcher Suffers Injury to Arm — Conveyed to Hospital for 10 Days.

By HERMAN WEISS. Despite the double rain of Brooklyn Dodgers, who only a few days ago were making a strong real contenders for the National League pennant, all eyes were turned to the Cardinals yesterday.

It showed, George Tipton, who was the loss of three games, have figured prominently in the campaign. Tipton, who was the loss of three games, have figured prominently in the campaign.

Conveyed to Hospital. The injury of Conveyed to Hospital, who was the loss of three games, have figured prominently in the campaign.

Up to the "Bills." THE final determination of this point ought of course, to depend on the result of the national championship, which is now in progress at Forest Hills.

For the national championship entries include all the stars of the game, and some liberties, therefore, may be taken with the doubles.

There is hardly a doubt that both Big and Little Bill are in their prime and that the Kinsey brothers reserve a chance to win their spurs as internationalists.

Some Heart Burns. THE danger in this lies in the fact that should slowness or injury incapacitate either Tilden or Johnston, or both, the American singles situation would then be put up to Howard Kinsey.

As it stands, the situation promises to come more than one heart burning, which every way the final choice goes.

What Happened? DAVE Danforth, a more successful season, this year. He has had perhaps his most successful season, this year.

A year ago and also in 1922, Dave was brooding on the griddle every time he went into the game.

Umpires rode him; rival managers heckled him; ball players at bat harassed him by calling for the ball. Countless horseshoes were thrown out whenever he hurried. Even his manager warned him, sent him back to the minors, and upon his return, refused to back him up, when the Umpire started riding him once more.

He was a parish in baseball and Ban Johnson, ordinarily just and considerate, was swayed against him when umpire piled up complaint after complaint and when Dave's boss, who should have rushed to the rescue, remained apathetically silent.

And now today, Dave is allowed to go his way with a new National League pennant in his pocket.

One wonders if Dave will be blamed all along and for two years he was not only a manager, but a player.

Lee Fohl will go down in history as the only manager who failed to front for his player when they were accused of a defense NOT PROVED.

Little Bill Has Conserved Power For Title Event

Sporting Interest Is in Whether Little Bill Can Defeat the World Champion.

FRANCE HAS TWO STARS. Borotra and LaCoste Must Be Reckoned With Soon, Lawrence Perry Writes.

By Lawrence Perry. (Copyright, 1924.) NEW YORK, Aug. 25.—There is a fine international flavor to the national men's singles now in progress on the courts of the West Side Tennis Club at Forest Hills.

Stars of various nations are entered for the American title and the man who thinks in terms of the world rather than along the comparatively narrow lines of nationalities must find food for thought as he sits in the stadium and studies the working out of racial tendencies and predilections through the common medium of the tennis racket.

One of the opponents of one nation for an opponent of another and by the atmosphere of friendliness that invests the sort of an environment, whether or not the disagreeable incidents in the Olympic games—which, contrary to general belief, were vastly fewer than the phases that made for "good feeling" and common esteem—could have been reduced, if not eliminated, through the proper conduct of the various events.

On second thought this may be unfair to the French Olympic authorities. Tennis is a game well established in many countries, a game in which the ethics of play as well as technical details are accepted and followed. Perhaps when other sports which figure in the Olympic games come to be as deeply established in the outdoor life of various nations as lawn tennis such problems as have their source of racial jealousy, diverse viewpoints and suspicions of both sides and rivals will automatically be settled.

So far as tennis goes the names of the stars of one nation are as well known in another nation as the names of the stars of one nation are as well known in another nation as the names of the stars of one nation are as well known in another nation.

Little Bill and Big Bill. As for the sporting interest attaching to the current tourney it would seem to relate to Bill Johnston's ability to defeat William Tilden. Little Bill has made a game effort to come back and if he fails to win the right to oppose Tilden in the challenge round, or if, in gaining this right he falls again before the champion, it will not be because he has not safeguarded his physical condition in every way.

Johnston is not the hunched athlete he was in 1922 and 1923. His appearance suggests that he has a fine physical reserve and it remains to be seen whether this will serve to seat him once more upon the throne he occupied in 1922 and 1923.

The time is coming, it is generally believed by shrewd judges of tennis form, when the two French youngsters, LaCoste and Borotra, will have something very significant to say about tennis championships of the world. They might even win the sun belt at Forest Hills, as a matter of fact, but the outlook is that the French pair must wait a year or longer, until their experience is equal to their technical skill.

Red Ball Event Opens. The annual midsummer handicap red ball tournament will be started at Johnston's Parlor today. It is the ninth tourney to be held at the hall this season. Thirty-two players entered. Following the red ball event the annual instruction event will be held. The first round schedule in the red ball tourney is as follows:

Monday—Dr. Mackin vs. Appa, Dr. Winn vs. Schiele, Gustav vs. Bruce.

Tuesday—Gibbons vs. Klasky, Moore vs. Roeling, Becker vs. Goldsmith, Reister vs. Holmes.

Wednesday—Scott vs. Freeman, Mills vs. Dostal, Cohn vs. Parker, Dr. Hall vs. Col. Hall.

Thursday—Robinson vs. Schultz, Ben vs. Liggett, Howard vs. Arthur.

Friday—Hoffman vs. Bittner, Shaw vs. Jacobus.

Injuries to Keep Dickerman Out For Rest of Year

Cardinal Pitcher Suffers Broken Ulna Bone — Cooney on Shelf for 10 Days.

By HERMAN WECHE.
Despite the double rout of the Brooklyn Dodgers, who only a short time ago were making a noise in the real contenders for the National League pennant, all was not joy for the Cardinals yesterday. There was the loss of three players, who have figured prominently recently, to consider. These athletes were Leo Dickerman, pitcher, Jimmy Cooney, shortstop, and Romeo Holm, outfielder.

Dickerman, examination last night showed, probably will be laid up for at least ten days, as the result of a dislocated thumb. Cooney went out in the eighth round of the first game, when he was injured in tagging out Loftis on a play at third base.

The injury of Cooney, coupled with that of Howard Freigau, who has been out for some time, and their shift in the Cardinal batting front. In fact the switch was shown in the nightcap yesterday. It showed George Toporoff at short and Wattie Holm and Myers at third base. Holm, however, went out with a sprained ankle, and the veteran Myers came into the game. The infield is new to Myers, who worked at various places in acceptable fashion before he was traded to the Cardinals by the Dodgers. Yesterday Myers handled two chances cleanly.

The double downfall of the Dodgers, yesterday, showed that Dazzy Vance and Burleigh Grimes are not on the hill, any club is able to gain a victory over the Brooklyn aggregation. However, when Vance and Grimes pitch, the Dodgers have better than an even chance of winning.

Hornsbys His 20th Homer.
Rustler, a good left-hander, pitched the first contest yesterday and was beaten, 7 to 6, when Rogers Hornsby poked his twelfth home run in the ninth inning to decide the issue. Rustler might have won had he touched the base after taking Fournier's throw on Bottomley's grounder in the seventh.

Cards Make 25 Hits.
In the closing battle, in which the Cardinals made 25 hits, establishing a new National League record for the 1924 season, Manager Robinson used Jim Roberts, one of his new stars, and Ernie Osborn. This clash resulted in a 17 to 6 conquest for the southpaw, Edie Dyer, who permitted but seven safeties. Included in the Cardinals hits were six doubles and three triples.

loved to go his way whiter than snow.
One wonders if Davis hasn't been blameless all along, and if for two years he was not an innocent martyr to a prejudiced manager.
Lee Fohl will go down to history as the only manager who failed to fracture for his players when they were accused of an offense NOT PROVED.

Two Teams Clinch Pennants In Municipal League Races

Curles Win in Empire and Webb Pressmen Nine in Union Label League—Close Races Feature Campaigns in Mercantile and South Side Circuits.

Two teams clinched a place in the Municipal Baseball Association championship series to decide the city championship by winning their league pennants yesterday. The Curles, with a record of 17-2, have the Empire League flag won, while the Webb Pressmen, with 12-4, clinched the Union Label League flag.

The Shells, with 17 victories and one defeat, are 6½ games ahead of their closest rivals in the independent circuit. Two leagues have close races. In the Mercantile, the Gruendlers, 16-2, are one game in front of the Southwest Nashs, while in the South Side circuit, the Schumachers are only one battle behind the pacemaking Schenbergs.

South Side League.
Two forthright victories over St. Johns Kanty gave the Schenbergs first place in the South Side League yesterday, as the Schumachers, who had been in a tie with the Schenbergs, were held to an even battle in the double bill with the Maryvilles. The Maryvilles won the opener, 6 to 2, Abkeimer holding the losers to two safeties. The Schumachers won the second, 6 to 3. In the other games, the Smiths and Daus broke a tie with the Maryvilles.

As far as tennis goes the names of the stars of one nation are as well known in another nation as those of the home players and in various ways narrow national restrictions seem to have broken down. This is a very desirable condition in other sports which figure in the Olympic games come to be as easily established in the outdoor world as tennis has been. The double downfall of the Dodgers, yesterday, showed that Dazzy Vance and Burleigh Grimes are not on the hill, any club is able to gain a victory over the Brooklyn aggregation. However, when Vance and Grimes pitch, the Dodgers have better than an even chance of winning.

Hornsbys His 20th Homer.
Rustler, a good left-hander, pitched the first contest yesterday and was beaten, 7 to 6, when Rogers Hornsby poked his twelfth home run in the ninth inning to decide the issue. Rustler might have won had he touched the base after taking Fournier's throw on Bottomley's grounder in the seventh.

Cards Make 25 Hits.
In the closing battle, in which the Cardinals made 25 hits, establishing a new National League record for the 1924 season, Manager Robinson used Jim Roberts, one of his new stars, and Ernie Osborn. This clash resulted in a 17 to 6 conquest for the southpaw, Edie Dyer, who permitted but seven safeties. Included in the Cardinals hits were six doubles and three triples.

MEDITATIONS —OF A— MARRIED WOMAN By HELEN ROWLAND

WHY MEN STAY YOUNG.
ONE reason why a man stays young so much longer than a woman is because a woman always insists on doing all his worrying for him.
Man was made to mourn—but woman always beats him to it.
To a man, all life is a fascinating, exciting GAME, and he can squeeze more joy out of one hour of it than a woman can extract from a whole year.
A man makes a game of his work—a woman can't even enjoy a game unless she makes work of it.
That's the real secret of man's protracted youth and of all woman's premature gray hairs and worry wrinkles.
She can't enjoy a novel unless she knows "how it's going to turn out," or a love affair unless she knows just where it's leading.
She can't enjoy a play unless it makes her cry, or be content with a husband unless he gives her something to worry about.
She can't be happy unless she's serious!
Until a woman learns to look upon life not as a dispensation or a bitter responsibility but as a Great Adventure, a beautiful Game of Chance, she will never delight in it as man does.
Until she discovers that business is not a sentence at hard labor and work is not a treadmill, and learns to look upon them as a fascinating sport, she will never get any real joy out of them.
Until she ceases to look upon politics as a "cause" or a "mission" and begins to regard it as an exciting gamble she will never get any real thrill from it.
Whether he's playing at golf, or politics, or stocks, or art, or love, making, a man always plays just for the sheer joy of PLAYING.
If things go wrong, it merely increases his zest and enthusiasm, and inspires him to make a more skillful stroke.
But a woman always plays to WIN. And if things go wrong it wrings her heart and shatters her nerves.
It's the chance, the gamble, the surprises that relieve a man's life from its deadly monotony and make it an adventure instead of a duty.
That's why most men keep their looks, their figures and their spirit of youth so much longer than most women.
For youth IS the spirit of adventure, of hope—that thrilling feeling that something delightful and wonderful may turn the trick for you at any moment.
And until a woman learns how to PLAY, she will never learn the secret of eternal youth.
For eternal youth is undying zest in the Great Gamble called life!
Play the GAME!

That into trouble will entice.
—Old Mother Nature.

IT is true that Buster Bear has a great deal of curiosity. He has much too much curiosity for his own good. Most of the scrapes he has been in were the result of curiosity. But people who are naturally curious never seem to learn to get over the habit. It was just so with Buster Bear. Jolly, round, bright Mr. Sun was already well up in the blue, blue sky and was shining his brightest. Buster Bear had been in the Old Pasture since shortly after daylight began. He had stuffed himself with blueberries until his stomach was so full that it didn't seem possible it could hold another berry. Buster was beginning to think of a nap in a cool place in the Green Forest. He did dislike the thought of leaving those berries, but enough was enough.
It was just then that a noise in the bushes a short distance away caught his attention. Buster pricked up his small ears and listened. There was a rustling of dry leaves, but it wasn't the rustling made by any one walking. It was a different sounding rustle altogether. Buster grew curious. Slowly, taking care to rustle no leaves himself, Buster stole toward the place that sound seemed to come from.
Presently Buster caught sight of something red moving about in a queer way. Carefully he thrust his head through the bushes that he might see better. What he saw surprised him so that he forgot himself and gave a funny little grunt. It was Reddy Fox chasing

his tail around and around.
At Buster's grunt Reddy took to his heels and disappeared. "That was a queer performance," muttered Buster to himself. "I wonder what Reddy was doing that for." He sat down to puzzle over it in his mind. Then he heard that same queer, rustling sound again a little farther on. Just as before, Buster crept forward very softly. Just as before, he saw Reddy Fox chasing his tail. Just as before, he gave a little grunt of surprise and Reddy ran away.
The same thing happened a third time. By this time Buster's curiosity was so great that he had forgotten all about the Green Forest and the nap he had intended to take there in a cool place. He wanted to find out why Reddy Fox was chasing his tail.
As for Reddy, down inside he

was chuckling. He knew just what was going on in Buster's mind. He had used that trick before. He had used that trick on the bank of the Big River to arouse the curiosity of ducks and bring them in where he could catch one of them. It had worked then, and it was working now. Smart Buster Bear was being led on by curiosity just as those ducks had been.

So Reddy Fox gradually led Buster Bear over to where grew the big blueberry bush in which was the paper castle, the big, gray, paper castle of the wasps. He took care to lead Buster in such a way as to approach that bush from the side opposite the one on which the big gray castle was fastened. From that side it wasn't likely to be noticed at all. When Buster was where he could hardly help seeing that bush covered with delicious, big, ripe, blueberries, Reddy stopped chasing his tail and disappeared. Close by he hid where he could watch and see what would happen.

IMPORTANT NOTES ON CANNING

The following estimates may be used as a general guide in determining the amount of food required for canning vegetables:

1 1/2 lbs. spinach 1 pt.
1 lb. chard 1 pt.
12-15 baby beets 1 pt.
20 carrots 1 pt.
1/2 lb. string beans 1 pt.
2 qts. peas 1 pt.
4 small ears of corn 1 pt.

Pack the vegetables loosely in clean, tested jars to within one-half inch of the top, or one inch if corn is being canned. Shake the jars lightly but do not press down the vegetables with a spoon.

From the New
Butterick Cook Book

THERE are two important things a jar rubber must do if it is to make a perfect seal—first it must stretch, then it must "set." If it fails to do these two things, it will bulge, blow out, or dry up.
A jar rubber must have just enough stretch for you to slip it easily around the neck of the jar. If it stretches too much it cannot snap back to its original size—or "set." The "set" must be so snug and close that no air can steal in once your jar is sealed. Only then can you be sure of the safety of your season's pack.
